

Focus Areas

CLIMATE CHANGE ADAPTATION

Water Security
Sustainable water
management
practices

Food Security
Climate smart agro-
advisory services

**Hazard and Risk
Management**
Vulnerability and risk
assessments, innovative
risk reduction and
transfer mechanisms

CLIMATE CHANGE MITIGATION

Renewable Energy
Access to clean
energy services

Built Environment
Energy and resource-
efficient measures and
construction materials
for buildings and cities

Small-scale Industries
Energy efficient
technologies and
processes for micro,
small and medium
enterprises
