

## Development cooperation

50 million CHF/year  
(2022 and 2023)

Budget of the Swiss international cooperation programme in Ukraine was doubled in 2022 and 2023 with significant project adjustments in light of the current situation

## Financial aid

CHF 23 million

was provided by SECO in 2022 through the World Bank and the EBRD to maintain non-military functions of the Ukrainian state, to support economic reforms and SME and to implement the damage loss and needs analysis.

CHF 15 million

is invested through SIFEM in the Ukrainian Fund HORIZON, supporting tech start-ups.

CHF 20 million (planned)

requested as guarantee for Ukrainian refugees with S protection status as part of the Monetary Assistance Act.

## Supplementary credit II Migration to Switzerland

CHF 1100 million

for accommodation, social assistance and health services as well as free public transport for Ukrainian refugees in Switzerland. Switzerland introduced S protection status for Ukrainian refugees in March 2022 to provide them with protection and access to the labour market and schooling. More than 70,000 Ukrainian refugees have been granted S protection status.

**War in Ukraine**  
**Swiss financial support since 24.2.2022**

## Supplementary credit I Humanitarian aid

CHF 80 million

as emergency aid to the conflict affected population in Ukraine and neighbouring countries

## Supplementary credit II Winter Aid

CHF 100 million

Winter plan for the urgent rehabilitation of Ukraine's energy infrastructure and basic supply systems, also including a support for Moldova (6 Mio. CHF)

## Peace and human rights

CHF 1.5 million

for projects in the field of peace and human rights, with a focus on accountability and the protection of civilians

## Protection of cultural property

0.6 million CHF

for the protection of cultural goods and properties by Swiss civil society actors and UNESCO heritage
