## Eligibility criteria and specific conditions

- ⇒ Master's degree or equivalent university degree recognised by the Swiss university. The applicant must have achieved this degree before the start of the scholarship next September. As a proof, the degree has to be submitted to the Federal Commission for Scholarships before the start of the scholarship.
- ⇒ Applicant's date of birth after **31 December 1983**.
- ⇒ Applicants must provide a letter from an academic host professor (including her/his short CV) at the chosen Swiss university confirming why she/he is willing to supervise and support the PhD thesis. Without such support, the application will be rejected.
- ⇒ Applicants for doctoral schools (doctoral programmes)\*): in addition to all other application documents (including the support letter from a supervisor), the admission letter from the doctoral school is required with the application dossier.
- ⇒ As this takes time applicants must plan accordingly and submit their application for admission to the doctoral school sufficiently in advance of the scholarship programme deadline.
- ⇒ Please note: If the chosen doctoral school does not allow you to contact a supervisor before being admitted to the school, the application for the Swiss Government Excellence Scholarship is not possible.
- ⇒ \*) There are basically two different ways to achieve a doctorate degree (aka PhD). The first and best-known way consists in undertaking doctoral studies under the supervision of an academic mentor (supervisor). The second way consists in being admitted to a doctoral programme (aka doctoral school) which provides the framework for the following doctoral studies.
- ⇒ Applicants must have a research proposal including a timeframe. This is the centrepiece of the application. The applicant must devote all required attention to it.
- ⇒ Applicants must be in command of the necessary language skills required for the PhD studies/ research.
- ⇒ Applicants who have been in Switzerland for more than one year at the beginning of the scholarship in September are not eligible.

	<p>⇒ Applicants who have already benefited from a Swiss Government Excellence Scholarship are not eligible to apply for a second scholarship. Scholarship holders are expected to move to Switzerland during their grant period.</p> <p>⇒ <b>PLEASE NOTE:</b> The FCS application for a PhD scholarship and the application for admission by a Swiss University for a PhD study are two separate procedures.</p> <p>⇒ The admission to a PhD study at your chosen Swiss University is a <i>conditio sine qua non</i> for a potential attribution of a FCS scholarship - but no guarantee though for a positive decision by the Federal Commission for Scholarships for Foreign Students FCS. It is the applicant's responsibility to manage both procedures in parallel.</p>
<b>Selection criteria</b>	<p>⇒ The following aspects and selection criteria are primarily considered:</p> <p>⇒ The candidate: academic profile, research capacity and motivation.</p> <p>⇒ The research project: originality and methodological soundness.</p> <p>⇒ The academic context: quality and context of supervision and potential for future academic cooperation.</p>
<b>Application timeframe</b>	<p>⇒ Opening of the call: 05 August 2018</p> <p>⇒ Application deadline: 15 November 2018</p> <p>⇒ Beginning of the scholarship: <b>01 September 2019</b></p>
