Switzerland-Singapore Football Festival 2019

5 October 2019, 8 am – 1 pm

Over 300 students from 16 local and international schools as well as football academies will be contesting in the annual Switzerland-Singapore Football Festival 2019 (#ssff19) on 5th October 2019!

Switzerland and Singapore share the belief that football fosters team spirit, communication skills and a sense of belonging through social and cultural exchange between players and supporters on the field. The young players and their families will be supported by Swiss Ambassador Fabrice Filliez and our Guest-of-Honour, Ms Sim Ann, Senior Minister of State, Ministry of Communications and Information & Ministry of Culture, Community.

While Ambassador Filliez will present closing remarks on celebrating football as a unifying force, allowing youths of different nationalities to interact and learn from each other, the highlight of the tournament will be the award ceremony to be graced by Senior Minister of State Ms. Sim Ann.

The Embassy extends its warm invitations to all football fans to join this year's Switzerland-Singapore Football Festival (#ssff19) as spectators. Stay tuned to our Facebook ([@SwissEmbassySingapore](https://www.facebook.com/SwissEmbassySingapore)) and Twitter ([@SwissAmbSGP](https://twitter.com/SwissAmbSGP)) for more updates and coverage of the event!

German Film Festival 2019

24 October – 10 November 2019

On the remote New Siberian Islands in the Arctic Ocean, hunters search for tusks of extinct mammoths. One day, they discover a surprisingly well-preserved mammoth carcass. Little did they know it would be the starting point for an ultimate ambition for researchers all over the world: Resurrection of the woolly mammoth. Should they succeed, it would depict the next great technological revolution. It may well turn our world up-

side down. In his newest movie GENESIS 2.0, Swiss movie director Christian Frei gives insight into the secrets and mysteries hidden within nature and the fundamental difference in view of creation and the role of man in it.

Ranking among the most internationally successful Swiss filmmaker, Frei has won numerous awards across the globe with his documentary films WAR PHOTOGRAPHER

(2001), THE GIANT BUDDHAS (2005) and SPACE TOURISTS (2009). With WAR PHOTOGRAPHER, Frei has been hitherto the only Swiss director nominated for an Oscar in the category of Best Documentary Feature.

The Embassy is pleased to present GENESIS 2.0 at the 23rd German Film Festival in Singapore on Saturday 2 November 2019!

Organised by the [Goethe-Institut Singapore](#), the festival has come a long way since the first film week in 1978. In the Festival's 23rd edition, a selection of the latest films from Germany and Europe will be screened over three weeks. Not only does the Festival showcase the diversity of contemporary German cinema in terms of artistic languages and styles, it also tackles a wide range of issues and themes.
